KidSAKE Foundation Community Impact

KidSAKE has been involved in humanitarian aid and community projects since its inception in 2000. During it’s tenure in Port Huron, MI, which began in the Fall of 2012, KidSAKE has engaged the community in a variety of ways to serve other non-profits, children and youth, the community at large and a small village in Honduras. KidSAKE’s mission to equip, empower and engage young people in arts-based initiatives that serve and build community is meant to help individuals understand their own self-worth and the vital role they play in making the world a better place to live. KidSAKE has spent time learning the community, exploring need, researching and developing new programming that supports its mission as well as advancing the objective to empower young people. This programming will use a ‘literacy through the arts’ approach as well as character education through the arts. Here’s to the future! Thank you for your support. Below you will see a sampling of some of the projects we have participated in while in Port Huron.
